

# GO SOLAR

- ✓ HOME OWNERS
- ✓ LOCAL BUSINESSES
- ✓ SCHOOLS & CHURCHES
- ✓ FARMERS & RANCHERS

**Let the sun power your home,  
business, farm or ranch!**

## **Klamath County is Solar-Friendly!!**

**Permitting is *Fast & Easy!***

Small-scale solar photovoltaic installations that power homes, businesses, local farms and ranches are classified as accessory structures in ALL ZONES!

Planning approval requires a simple over-the-counter site plan review on all qualifying property.

The review fee is \$87.

Building Permit applications will be reviewed and issued as soon as possible.

Costs will vary depending on the size and structural aspects of the installation.

Large scale solar power generating facilities that sell power to the grid for consumption by the general public require a more comprehensive review and permitting process.
